INTERNATIONAL COURSE ON ECMO AND Euro-ELSO 2014

www.paris-euroelso2014.com

It is with great pleasure that we announce the 3rd EuroELSO annual conference, to be held in the heart of Paris, May 22-24 2014. This meeting will be held in conjunction with the well established Paris ECMO event.

Intensivists, cardiologists, cardiac surgeons, pediatric surgeons, general surgeons, perfusionists, respiratory therapists, intensive care nurses and all other professionals interested in the care of patients with **both cardiac and respiratory failure** are invited to join us for this important meeting at the Pullman Montparnasse in downtown Paris.

The meeting will include a pre-conference ECMO cannulation course on live animals (May 21) and a post-conference practical course on ECMO (May 24).

Our main program will feature a large number of international experts from various fields. During panel discussions the audience will have the opportunity to engage in an interactive exchange with experts on ECMO and advanced intensive care for respiratory and cardiac failure in newborns, pediatric and adult patients.

We also welcome abstract submissions for free paper presentations and the poster exhibition.

Details and information about the ECMO + Euro-ELSO 2014 meeting are now available on the congress website: www.paris-euroelso2014.com

We look forward to seeing you in Paris in May 2014!
